

SAFER, FASTER, SMARTER Temperature Screening Thermal Solutions

How will your business be ready for its exit from lockdown?

We are helping businesses to ensure the safety of their employees and customers with fever screening technology which can mitigate the risk of spreading Covid-19.

With advanced detectors and algorithms, Hikvision's Temperature Screening Thermographic Cameras are designed to detect elevated skin-surface temperatures, and can thus be used for rapid and preliminary temperature screening in office buildings, factories, stations, airports and other public places, with accuracy up to $\pm 0.3^{\circ}\text{C}$.

The solution can be used in a variety of settings including for example:

EDUCATION

Schools, Colleges, Universities & Nurseries

HEALTHCARE

NHS, Hospitals & Doctors Surgeries

TRAVEL, TRANSPORT & LOGISTICS

Airports, Railway & Bus Stations

ENERGY & UTILITIES

Offices, Power Stations, Warehouses & Operational Sites
